To,
The Member Secretary,
MoEF&CC (EC)
Ministry of Environment, Forest and Climate Change
Government of India, New Delhi

Ref. No. HPCL/DVLIF/VV

Date: 02nd Jan, 2026

Subject:

Name of Project: Proposed Construction of LPG Import Jetty with Dispatch Station at Survey No. 1504-A, Village Dahej, Taluka Vagra, District Bharuch, Gujarat by M/s Hindustan Petroleum Corporation Limited (HPCL).

Submission of six-monthly EC & CRZ compliance report (Fourth 6-Monthly Compliance Report) for the period of 1st April, 2025 to 30th September, 2025.

Reference:

File No: 10/26/2021-IA-III dated 29.08.2023.

Respected Sir(s),

We, Hindustan Petroleum Corporation Limited, have proposed to construct LPG Import Jetty with Dispatch Station at Survey No. 1504-A, Village Dahej, Taluka Vagra, District Bharuch, Gujarat.

The Ministry of Environment, Forest and Climate Change, IA Division granted Environment and CRZ Clearance for Construction of LPG Import Jetty with Dispatch Station at Survey No. 1504-A, Village Dahej, Taluka Vagra, District Bharuch, Gujarat by M/s Hindustan Petroleum Corporation Limited vide letter No. 10/26/2021-IA-III dated 29.08.2023.

As directed in the referred EC & CRZ Approval letter, we are submitting herewith six-monthly EC & CRZ compliance report (fourth 6-monthly compliance report) for the period of 1st April, 2025 to 30th September, 2025, on implementation of various conditions of EC & CRZ as per clause 10 of EIA notification, 2006 & amended till date.

In this regard, it is to be kindly noted that the Project execution and construction has not yet started.

(Handwritten signature)

We hope you will find this in order. We shall look forward for your valuable inputs and advise in this regard please.

Thanking you,

Handwritten signature and date: 21/12/16

Yours Faithfully
Vishwanath Vanchi
Chief General Manager- Pipeline Projects
Hindustan Petroleum Corporation Limited

Enclosed: EC & CRZ Approval Copy, Compliance Report along with relevant Enclosures.

Copy of EC & CRZ Compliance Report to:

- 1) The Member Secretary, Gujarat Pollution Control Board, Sector 10-A, Gandhinagar-382043, Gujarat.
- 2) Deputy Director General of Forests (C), Ministry of Environment, Forest and Climate Change, Integrated Regional Office, Gandhi Nagar A wing- 407 & 409, Aranya Bhawan, Near CH-3 Circle, Sector-10A, Gandhi Nagar-382010.
- 3) Scientist 'F', Parivesh Bhawan, Aatmajyoti Ashram Rd, Opp. VMC Ward Office No. 10, Subhanpura, Vadodara, Gujarat 390023.

3rd 6-MONHTLY COMPLIANCE REPORT

Compliance to Standard & Specific Conditions (for the period April,2025 to September,2025) as mentioned in the Environmental Clearance to the proposed Project (EC23A3501GJ5136754N) dated 29.08.2023 by Ministry of Environment, Forest and Climate Change, GoI.

Standard EC & CRZ Conditions:

Sl. No.	Conditions	Status	Status of Compliance
1	Statutory Compliance		
1.1	Construction activity shall be carried out strictly according to the provisions of CRZ Notification, 2011 and the State Coastal Zone Management Plan as drawn up by the State Government. No construction work other than those permitted in Coastal Regulation Zone Notification shall be carried out in Coastal Regulation Zone area.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
1.2	A certificate of adequacy of available power from the agency supplying power to the project along with the load allowed for the project should be obtained.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
1.3	All other statutory clearances such as the approvals for storage of diesel from Chief Controller of Explosives, Fire Department, Coast Guard, Civil Aviation Department shall be obtained, as applicable by project proponents from the respective competent authorities.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
2	Air quality monitoring and preservation		

2.1	The project proponent shall install system to carryout Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM10 and PM2.5 in reference to PM emission, and SO2 and NOx in reference to SO2 and NOx emissions) within and outside the project area at least at four locations, covering upwind and downwind directions.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
2.2	Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed emission standards.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
2.3	Shrouding shall be carried out in the work site enclosing the dock/proposed facility area. This will act as dust curtain as well achieving zero dust discharge from the site. These curtain or shroud will be immensely effective in restricting disturbance from wind in affecting the dry dock operations, preventing waste dispersion, improving working conditions through provision of shade for the workers.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
2.4	Dust collectors shall be deployed in all areas where blasting (surface cleaning) and painting operations are to be carried out, supplemented by stacks for effective dispersion.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.

VISHWANATH VANCHI
 Chief General Manager - Pipeline Projects
 HINDUSTAN PETROLEUM CORPORATION LIMITED
 8, Shoorji Vallabhdas Marg, Ballard Estate, Mumbai - 400001.

2.5	The Vessels shall comply the emission norms prescribed from time to time.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
2.6	Diesel power generating sets proposed as source of backup power should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use of low sulphur diesel. The location of the DG sets may be decided with in consultation with State Pollution Control Board.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
2.7	A detailed traffic management and traffic decongestion plan shall be drawn up to ensure that the current level of service of the roads within a 05 kms radius of the project is maintained and improved upon after the implementation of the project. This plan should be based on cumulative impact of all development and increased habitation being carried out or proposed to be carried out by the project or other agencies in this 05 Kms radius of the site in different scenarios of space and time and the traffic management plan shall be duly validated and certified by the State Urban Development department and the P.W.D./ competent authority for road augmentation and shall also have their consent to the implementation of	Agreed to Comply	As the finished product from the dispatch station shall be transported through underground pipelines and hence there will not be any heavy use of road facilities during the phase of operations. However, during construction there shall be movement of man, machinery and tools to and from the project site. Consultation with the PWD department shall be carried out.

	components of the plan which involve the participation of these departments.		
3	Water quality monitoring and preservation		
3.1	The Project proponent shall ensure that no creeks or rivers are blocked due to any activities at the project site and free flow of water is maintained.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
3.2	Appropriate measures must be taken while undertaking digging activities to avoid any likely degradation of water quality. Silt curtains shall be used to contain the spreading of suspended sediment during dredging within the dredging area.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
3.3	No ships docking at the proposed project site will discharge its on-board waste water untreated in to the estuary/ channel. All such wastewater load will be diverted to the proposed Effluent Treatment Plant of the project site.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
3.4	Measures should be taken to contain, control and recover the accidental	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied

3.11	All the erosion control measures shall be taken at water front facilities. Earth protection work shall be carried out to avoid erosion of soil from the shoreline/boundary line from the land area into the marine water body.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
4	Noise monitoring and prevention		
4.1	Noise level survey shall be carried as per the prescribed guidelines and report in this regard shall be submitted to Regional Officer of the Ministry as a part of six-monthly compliance report.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
4.2	Noise from vehicles, power machinery and equipment on-site should not exceed the prescribed limit. Equipment should be regularly serviced. Attention should also be given to muffler maintenance and enclosure of noisy equipment.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
4.3	Acoustic enclosures for DG sets, noise barriers for ground-run bays, ear plugs for operating personnel shall be implemented as mitigation measures for noise impact due to ground sources.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
4.4	The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
5	Energy Conservation measures		

(Handwritten signature)

5.1	Provide solar power generation on roof tops of buildings, for solar light system for all common areas, street lights, parking around project area and maintain the same regularly;	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
5.2	Provide LED lights in offices and project areas.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
6	Waste management		
6.1	Dredged material shall be disposed safely in the designated areas.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
6.2	Shoreline should not be disturbed due to dumping. Periodical study on shore line changes shall be conducted and mitigation carried out, if necessary. The details shall be submitted along with the six-monthly monitoring reports.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
6.3	Necessary arrangements for the treatment of the effluents and solid wastes must be made and it must be ensured that they conform to the standards laid down by the competent authorities including the Central or State Pollution Control Board and under the Environment (Protection) Act, 1986.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
6.4	The solid wastes shall be managed and disposed as per the norms of the Solid Waste Management Rules, 2016	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
6.5	Any wastes from construction and demolition activities related thereto shall be managed so as to strictly conform to the	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.

	Construction and Demolition Waste Management Rules, 2016.		
6.6	A certificate from the competent authority handling municipal solid wastes should be obtained, indicating the existing civic capacities of handling and their adequacy to cater to the M.S.W. generated from project	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
6.7	Used CFLs and TFLs should be properly collected and disposed off/sent for recycling as per the prevailing guidelines/ rules of the regulatory authority to avoid mercury contamination.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
6.8	Oil spill contingency plan shall be prepared and part of DMP to tackle emergencies. The equipment and recovery of oil from a spill would be assessed. Guidelines given in MARPOL and Shipping Acts for oil spill management would be followed. Mechanism for integration of terminals oil contingency plan with the overall area contingency plan under the co-ordination of Coast should be covered.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
7	Green Belt		
7.1	Green belt shall be developed in area as provided in project details with a native tree species in accordance with CPCB guidelines.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
7.2	Top soil shall be separately stored and used in the development of green belt.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.

8	Marine Ecology		
8.1	Dredging shall not be carried out during the fish breeding and spawning seasons.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
8.2	Dredging, etc shall be carried out in the confined manner to reduce the impacts on marine environment.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
8.3	The dredging schedule shall be so planned that the turbidity developed is dispersed soon enough to prevent any stress on the fish population.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
8.4	While carrying out dredging, an independent monitoring shall be carried out through a Government Agency/Institute to assess the impact and necessary measures shall be taken on priority basis if any adverse impact is observed.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
8.5	A detailed marine biodiversity management plan shall be prepared through the NIO or any other institute of repute on marine, brackish water and fresh water ecology and biodiversity and submitted to and implemented to the satisfaction of the State Biodiversity Board and the CRZ authority. The report shall be based on a study of the impact of the project activities on the intertidal biotopes, corals and coral communities, molluscs, sea grasses, sea weeds, sub-tidal habitats, fishes, other marine and aquatic micro, macro and	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.

	mega flora and fauna including benthos, plankton, turtles, birds etc. as also the productivity. The data collection and impact assessment shall be as per standards survey methods and include underwater photography.		
8.6	Marine ecology shall be monitored regularly also in terms of sea weeds, sea grasses, mudflats, sand dunes, fisheries, echinoderms, shrimps, turtles, corals, coastal vegetation, mangroves and other marine biodiversity components including all micro, macro and mega floral and faunal components of marine biodiversity.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
8.7	The project proponent shall ensure that water traffic does not impact the aquatic wildlife sanctuaries that fall along the stretch of the river.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
9	Public hearing and human health issues		
9.1	The work space shall be maintained as per international standards for occupational health and safety with provision of fresh air respirators, blowers, and fans to prevent any accumulation and inhalation of undesirable levels of pollutants including VOCs.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.

VISHWANATH VANCHI
 Chief General Manager - Pipeline Projects
 HINDUSTAN PETROLEUM CORPORATION LIMITED
 8, Shoorji Vallabhdas Marg, Ballard Estate, Mumbai - 400001.

9.2	Workers shall be strictly enforced to wear personal protective equipment like dust mask, ear muffs or ear plugs, whenever and wherever necessary/required. Special visco-elastic gloves will be used by labour exposed to hazards from vibration.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
9.3	In case of repair of any old vessels, excessive care shall be taken while handling Asbestos & Freon gas. Besides, fully enclosed covering should be provided for the temporary storage of asbestos materials at site before disposal to CTSDF.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
9.4	Safety training shall be given to all workers specific to their work area and every worker and employee will be engaged in fire hazard awareness training and mock drills which will be conducted regularly. All standard safety and occupational hazard measures shall be implemented and monitored by the concerned officials to prevent the occurrence of untoward incidents/accidents.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
9.5	Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.

VISHWANATH VANCHI
 Chief General Manager - Pipeline Projects
 HINDUSTAN PETROLEUM CORPORATION LIMITED
 8, Shoorji Vallabhdas Marg, Ballard Estate, Mumbai - 400001.

9.6	Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
9.7	Occupational health surveillance of the workers shall be done on a regular basis.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
10	Environment Responsibility		
10.1	The company shall have a well laid down environmental policy duly approved by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest /wildlife norms/ conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.	Complied	HPCL is having duly approved environmental Policy and the same is attached as Enclosure-I along with this compliance report.

VISHWANATH VANCHI
 Chief General Manager - Pipeline Projects
 HINDUSTAN PETROLEUM CORPORATION LIMITED
 8, Shoorji Vallabhdas Marg, Ballard Estate, Mumbai - 400001.

10.2	A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly report to the head of the organization.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
10.3	Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six-Monthly Compliance Report.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
10.4	Self-environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
11	Miscellaneous		
11.1	The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in	Complied	The EC granted for this project was made public by publishing in the local newspapers in two languages. The proof of the same is attached as Enclosure-II. The same has also been displayed on the official website of the Company permanently. Proof has been attached as screenshot of the web-page as Enclosure-III. Link to access the same is as below: https://www.hindustanpetroleum.com/pages/Regulatory-Requirements

(Handwritten signature)

	addition this shall also be displayed in the project proponent's website permanently.		
11.2	The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.	Complied	The same was submitted to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government and was displayed in their notice board for 30 days. Acknowledged copy of submission is attached as Enclosure-IV along with this compliance report.
11.3	The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.	Agreed to Comply	It will be uploaded on the official website of the company.
11.4	The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.	Agreed to Comply	It will be complied and the compliance report shall be submitted on Parivesh 2.0 Portal of MoEF&CC. This is the FOURTH six-monthly report for the period April, 2025 to September, 2025.
11.5	The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage. Form-V along with covering letter has been submitted to the State Pollution Control Board for the FY 24-25.

	and put on the website of the company.		
11.6	The criteria pollutant levels namely; PM2.5, PM10, SO2, NOx (ambient levels) or critical sectoral parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
11.7	The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
11.8	The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
11.9	No further expansion or modifications in the project shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
11.10	Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.	Agreed to Comply	It will be ensured

VISHWANATH VANCHI
 Chief General Manager - Pipeline Projects
 HINDUSTAN PETROLEUM CORPORATION LIMITED
 8, Shoorji Vallabhdas Marg, Ballard Estate, Mumbai - 400001.

11.1 1	The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory under the provisions of the Environmental (Protection) Act, 1986, to ensure effective implementation of the suggested safeguard measures in a time bound and satisfactory manner.	Agreed to Comply	It will be ensured
11.1 2	The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.	Agreed to Comply	It will be ensured.
11.1 3	The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.	Agreed to Comply	It will be ensured.
11.1 4	The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and	Agreed to Comply	It will be ensured.

VISHWANATH VANCHI
 Chief General Manager - Pipeline Projects
 HINDUSTAN PETROLEUM CORPORATION LIMITED
 8, Shoorji Vallabhdas Marg, Ballard Estate, Mumbai - 400001.

	any other Court of Law relating to the subject matter.		
11.1 5	Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.	Agreed to Comply	We have not received any appeal and referral to NGT withing the prescribed 30 days' time period.
12 12.1	Specific Condition		
1	Construction activity shall be carried out strictly according to the provisions of the CRZ Notification, 2011. No Construction work other than those permitted in Coastal Regulation Zone Notification shall be carried out in Coastal Regulation Zone area.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
2	All the recommendations and conditions specified by the Gujarat State Coastal Zone Management Authority (GCZMA) vide letter No ENV-10-2022-93-T dated 8th June, 2023 shall be complied with.	Agreed to comply	All the conditions specified by GCZMA vide letter No ENV-10-2022-93-T dated 8th June, 2023 will be complied and the compliance report has been included as Annexure-I in this six-monthly compliance report.
3	Migratory Bird Species study was conducted by the GUIDE and its recommendations will be implemented. The status report of the same shall be submitted along with the six-Monthly compliance report to the concern regional office of the Ministry. GUIDE will monitor the movement and impacts on birds during and two years post	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.

VISHWANATH VANCHI
 Chief General Manager - Pipeline Projects
 HINDUSTAN PETROLEUM CORPORATION LIMITED
 8, Shoorji Vallabhdas Marg, Ballard Estate, Mumbai - 400001.

	construction and accordingly bird monitoring costs to be provided to GUIDE.		
4	The unit shall make the arrangement for protection of possible fire hazards during manufacturing process in material handling. Firefighting system shall be as per the norms. PESO certificate shall be obtained.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
5	The company shall comply with all the environmental protection measures and safeguards proposed in the documents submitted to the Ministry. All the recommendations made in the EIA/EMP in respect of environmental management, and risk mitigation measures relating to the project shall be implemented.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
6	Oil spillage prevention and mitigation scheme shall be prepared. In case of oil spillage/contamination, action plan shall be prepared to clean the site by adopting proven technology. The recyclable waste (oily sludge) and spent oil shall be disposed of to the authorized recyclers.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
7	Implementation of Action Plan on the issues raised during the Public Hearing shall be ensured. The Project Proponent shall undertake all the tasks as per the Action Plan submitted with budgetary provisions during the Public Hearing.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.

VISHWANATH VANCHI
 Chief General Manager - Pipeline Projects
 HINDUSTAN PETROLEUM CORPORATION LIMITED
 8, Shoorji Vallabhdas Marg, Ballard Estate, Mumbai - 400001.

8	During production, storage and handling, the fugitive emission of methane, if any, shall be monitored using Infra-red camera/ appropriate technology.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
9	The project proponent shall take necessary measures to prevent fire hazards, containing oil spill and soil remediation as needed. At fixed installations or plants use of ground flare shall be explored. At the place of ground flaring, the overhead flaring stack with knockout drums shall be installed to minimize gaseous emissions during operation.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
10	Continuous online (24x7) monitoring system for stack emissions/effluent shall be installed for measurement of flue gas discharge and the pollutants concentration, and the data to be transmitted to the CPCB and SPCB server. For online continuous monitoring of effluent, the unit shall install web camera with night vision capability and flow meters in the channel/drain carrying effluent within the premises.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
11	The project proponent shall develop a contingency plan for H2S release including all necessary aspects from evacuation to resumption of normal operations. The workers shall be provided with personal H2S detectors in locations of high risk of exposure along with self-containing breathing apparatus.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.

19	A continuous monitoring programme covering all the seasons on various aspects of the coastal and marine environs need to be undertaken by Nationally reputed academic institutes such as MS University Baroda with rich experiences in marine science aspects. Monitoring should include sea weeds, sea grasses, mudflats, sand dunes, fisheries, mangroves and other marine biodiversity components as part of the management plan. Separate financial provision for the same should be made in the EMP.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
20	Continuous online monitoring of air and water covering the total area shall be carried out and the compliance report of the same shall be submitted along with the 6- monthly compliance reports to the regional office of MoEF&CC.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
21	Effective and efficient pollution control measures like covered conveyors/stacks (coal, iron ore and other bulk cargo) with fogging/back filters and water sprinkling commencing from ship unloading to stacking to evacuation shall be undertaken. Coal and iron ore stack yards shall be bounded by thick two-tier green belt with proper drains and wind barriers wherever necessary.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage

VISHWANATH VANCHI
 Chief General Manager - Pipeline Projects
 HINDUSTAN PETROLEUM CORPORATION LIMITED
 8, Shoorji Vallabhdas Marg, Ballard Estate, Mumbai - 400001.

22	Sediment concentration should be monitored fortnightly at source and disposal location of dredging while dredging.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
23	Spillage of fuel / engine oil and lubricants from the construction site are a source of organic pollution which impacts marine life, particularly benthos. This shall be prevented by suitable precautions and also by providing necessary mechanisms to trap the spillage.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
24	Necessary arrangements for the treatment of the effluents and solid wastes/ facilitation of reception facilities under MARPOL must be made and it must be ensured that they conform to the standards laid down by the competent authorities including the Central or State Pollution Control Board and under the Environment (Protection) Act, 1986. The provisions of Solid Waste Management Rules, 2016, E-Waste Management Rules, 2016, and Plastic Waste Management Rules, 2016 shall be complied with.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
25	All the recommendations mentioned in the rapid risk assessment report, disaster management plan and safety guidelines shall be implemented.	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.
26	As per the Ministry's Office Memorandum F. No. 22-65/2017-IA.III dated 30th September, 2020, the project proponent shall abide by all the commitments made by them to address the	Agreed to Comply	The Project execution and construction is yet to be started. This condition will be complied during the project execution and construction stage.

<p>concerns raised during the public consultation. The project proponent shall initiate the activities proposed by them, based on the commitment made in the public hearing, and incorporate in the Environmental Management Plan and submit to the Ministry. All other activities including pollution control, environmental protection and conservation, R&R, wildlife and forest conservation/protection measures including the NPV, Compensatory Afforestation etc, either proposed by the project proponent based on the social impact assessment and R&R action plan carried out during the preparation of EIA report or prescribed by EAC, shall also be implemented and become part of EMP.</p>

Environmental Clearance awarded by MoEF&CC vide EC Identification No. EC23A3501GJ5136754N dated 29.08.2023. (Annexure-1)

Dear Sir,

Hindustan Petroleum Corporation Limited is a Govt. of India Undertaking with Maharatna Status under the aegis of Ministry of Petroleum and Natural Gas. HPCL has proposed construction of LPG Import Jetty (5 MMTPA) with Dispatch Station at Survey No. 1504-A, Village: Dahej Village, Taluka: Vagra, District: Bharuch, Gujarat.

We are pleased to inform that on 29.08.2023, The Ministry of Environment, Forest and Climate Change (MoEF&CC) has awarded the Environmental Clearance under EIA notification, 2006 and Coastal Regulation Zone Clearance under CRZ notification, 2011 for the Construction of subject project by M/s Hindustan Petroleum Corporation Limited vide EC Identification No. EC23A3501GJ5136754N. The copy of EC Approval letter is attached as Annexure-1 for your reference and is also available on the website Ministry of Environment, Forest and Climate Change (<https://parivesh.nic.in/>).

As per condition no 11.2 of the EC approval letter:

Quote

11.2 The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.

Unquote

Accordingly, as per the above condition, the attached Environmental Clearance letter has to be displayed on the notice board of your office for a period of 30 days from the date of receipt of this letter i.e., from 31.08.2023.

Subject: Regarding display of Environmental Clearance awarded by MoEF&CC vide EC Identification No. EC23A3501GJ5136754N dated 29.08.2023 for construction of HPCL's project - LPG Import Jetty (5 MMTPA) with Dispatch Station at Survey No. 1504-A, Village: Dahej Village, Taluka: Vagra, District: Bharuch, Gujarat.

Reference:

Environmental Clearance awarded by MoEF&CC vide EC Identification No. EC23A3501GJ5136754N dated 29.08.2023. (Annexure-1)

Dear Sir,

Hindustan Petroleum Corporation Limited is a Govt. of India Undertaking with Maharatna Status under the aegis of Ministry of Petroleum and Natural Gas. HPCL has proposed construction of LPG Import Jetty (5 MMTPA) with Dispatch Station at Survey No. 1504-A, Village: Dahej Village, Taluka: Vagra, District: Bharuch, Gujarat.

We are pleased to inform that on 29.08.2023, The Ministry of Environment, Forest and Climate Change (MoEF&CC) has awarded the Environmental Clearance under EIA notification, 2006 and Coastal Regulation Zone Clearance under CRZ notification, 2011 for the Construction of subject project by M/s Hindustan Petroleum Corporation Limited vide EC Identification No. EC23A3501GJ5136754N. The copy of EC Approval letter is attached as Annexure-1 for your reference and is also available on the website Ministry of Environment, Forest and Climate Change (<https://parivesh.nic.in/>).

As per condition no 11.2 of the EC approval letter:

Quote

11.2 The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.

Unquote

Accordingly, as per the above condition, the attached Environmental Clearance letter has to be displayed on the notice board of your esteemed office for a period of 30 days from the date of receipt of this letter i.e., from 31.08.2023.

स्वास्थ्य, सुरक्षा एवं पर्यावरण नीति HEALTH, SAFETY AND ENVIRONMENT POLICY

सुरक्षा के प्रति एचपीसीएल की प्रतिबद्धता इसकी सह निर्मित दृष्टि में प्रकट होती है जो बड़ी संख्या में इसके कर्मचारियों की सामूहिक आकांक्षाओं को दर्शाता है। दृष्टि वक्तव्य इस बात को कंपनी के फोकस में स्पष्ट करता है कि **“कंपनी सामाजिक प्रतिबद्धता, पर्यावरण, स्वास्थ्य और सुरक्षा मानकों को पूर्ण करनेवाली उत्कृष्टता की मिसाल होगी।”**

कंपनी की यह नीति है कि हम सुरक्षा को बढ़ाने और पर्यावरण की सुरक्षा को सर्वाधिक प्राथमिकता देते हैं। इस दिशा में हमारे प्रयास हैं कि आधुनिकतम प्रौद्योगिकी, उत्कृष्ट इंजीनियरिंग मानकों और उत्तम कार्यपद्धतियाँ अपनाई जाएं। हम ऐसी संस्कृति प्रदान करते हैं जो सुरक्षा को सर्वोच्च प्राथमिकता देती है और सभी कर्मचारियों, ठेकेदारों और अन्यो को सर्वोत्तम प्रशिक्षण प्रदान करे।

हमारी स्वास्थ्य, सुरक्षा व पर्यावरण नीति का उद्देश्य न केवल जागरूकता लाना है बल्कि प्रदूषण मुक्त पर्यावरण को बढ़ावा देना, स्वस्थ परिवेश का निर्माण करना और पूरी सजगता से मान्य और स्वीकृत नियम मानकों के अनुरूप अपने कार्यों से सुरक्षित प्रचालन परिस्थितियों का निर्माण भी करना है।

हमारी कंपनी न केवल अपने कर्मचारियों बल्कि अपने सभी स्टेकहोल्डरों के बीच भी जो किसी न किसी तरह से इसके उत्पादों और सेवाओं से जुड़े हैं, सुरक्षा का प्रचार-प्रसार करने के लिए प्रतिबद्ध हैं।

पुष्प जोशी

पुष्प कुमार जोशी

अध्यक्ष एवं प्रबंध निदेशक

स्वास्थ्य, सुरक्षा एवं पर्यावरण नीति मिशन

हमेशा अपनी सभी रिफाइनरियों, संयंत्रों, सुविधाओं तथा अन्य कार्यस्थल पर सुरक्षित, सुदृढ़ एवं प्रदूषण मुक्त माहौल का निर्माण करना। हमारे कारोबार तथा गतिविधियों के दारे में आनेवाले इन क्षेत्रों में संबंधित कानूनों के बारे में सभी कर्मचारियों, उनके परिवार के सदस्यों और समुदायों में जागरूकता पैदा करना हमारा ध्येय है।

हिन्दुस्तान पेट्रोलियम कॉर्पोरेशन लिमिटेड (भारत सरकार का उपक्रम)

पेट्रोलियम हाउस, 17, जमशेदजी टाटा रोड,
चर्चगेट, मुंबई- 400020 महाराष्ट्र

स्वास्थ्य नीति

कॉर्पोरेशन की उत्पादकता और प्रभावोत्पादकता में सबसे महत्वपूर्ण “मानव संसाधन” अर्थात् कर्मचारियों के स्वास्थ्य की देखभाल करने तथा उसे संवर्धित करने के लिए एक सुनियोजित कार्यक्रम उपलब्ध करना।

इस नीति के उद्देश्य हैं:

- प्रचालन से होने वाले ऐसे संभावित स्वास्थ्य जोखिमों का आकलन करना जिनसे हमारे कर्मचारियों अर ठेकेदारों तथा जनसाधारण के प्रभावित होने का अदेशा हो। ऐसे स्वास्थ्य जोखिमों को नियंत्रित कर उनको हटाना जिनसे हमारे कर्मचारियों का स्वास्थ्य प्रभावित होता हो। कर्मचारियों की शारीरिक एवं मानसिक तंदुरुस्ती का सर्वोच्च संभव स्तर स्थापित करना और बनाए रखना।
- आपात स्थिति में कर्मचारियों के उपचार हेतु ससमय और पर्याप्त चिकित्सा सुविधाएं प्रदान करना।
- संबंधित संवैधानिक नियमों और विनियमों का पालन करना तथा अन्य मामलों में जहां आवश्यक हो उपयुक्त मानदंड बनाना।
- कर्मचारी द्वारा स्वयं या दूसरों के लिए कोई जोखिम पैदा किए बिना कार्य करने की क्षमता आंकने के लिए नियोजन पूर्व उसकी शारीरिक उपयुक्तता तथा आवधिक चिकित्सा जांच की पद्धति बनाना।
- परामर्श और आवधिक कार्यक्रमों के जरिए कर्मचारियों व समुदाय के बीच पदार्थों के दुरुपयोग से होने वाले नुकसानदायक असर के बारे में जागृति पैदा करना।
- विषैले व अन्य खतरनाक रसायनों की उठाई - धराई के दौरान व्यक्तिगत संरक्षा उपकरण की उपलब्धता और इस्तेमाल सुनिश्चित करना।
- नीति के अनुपालन की प्रगति मापने के लिए समीक्षा व मूल्यांकन कार्यक्रम बनाना।

सुरक्षा नीति

अपने कारोबार के एक अभिन्न भाग के तौर पर एचपीसीएल का विश्वास है कि कोई कार्य या सेवा या गतिविधि इतनी महत्वपूर्ण या आवश्यक नहीं है कि सुरक्षा की अनदेखी हो या सुरक्षा से समझौता किया जा सके। कर्मचारियों और जनसाधारण की सुरक्षा, उनकी और कॉर्पोरेशन की परिस्पष्टतियों का संरक्षण सर्वोपरि रहेगा।

कॉर्पोरेशन का मानना है कि उत्पादकता बढ़ाने और राष्ट्रीय क्षति घटाने के लिए सुरक्षा एक अहम अस्त्र है। कॉर्पोरेशन का सतत् यह प्रयास होगा कि प्रचालन में सुरक्षा के सर्वोच्च मानक बनाये रखें।

इस नीति के उद्देश्य हैं:

- सभी क्षेत्रों में सुविधाएं लगाना, बनाना और अनुरक्षण करना, प्रशिक्षण देना, प्रक्रियाएं, सुरक्षा नियम बनाना और सुनिश्चित करना कि परिसर में आनेवाले कर्मचारियों, ठेकेदारों और आगंतुक द्वारा इनका कड़ाई से पालन हो।
- जान व माल की रक्षा करते हुए सुरक्षित ढंग से प्रचालन करना।
- संबंधित संवैधानिक नियमों का पालन करना तथा अन्य मामलों में, जहां आवश्यक हो उपयुक्त मानदंड बनाना।
- आपात स्थितियों से निपटने के लिए सतर्कता और तैयारी के सर्वोच्च मानक बनाये रखना जिसमें आस पास की सुविधाओं और सरकारी एजेंसियों से परस्पर सहायता भी शामिल है।
- हमारी गतिविधियों से जुड़े उत्पाद और सामग्री के सुरक्षित भंडारण, परिवहन तथा संचलन में लगे कर्मचारियों, डीलरों, ठेकेदारों, ग्राहकों और जनसाधारण में जागरूकता सुनिश्चित करना।
- कर्मचारियों, ठेकेदारों तथा अन्य व्यक्तियों में अपने कार्यस्थल के साथ - साथ सदैव सर्वत्र सुरक्षा के प्रति जिम्मेदारी तथा दायित्व बोध पैदा करना।
- नीति के अनुपालन की प्रगति मापने के लिए समीक्षा और मूल्यांकन कार्यक्रम बनाना।

पर्यावरण नीति

हमारा कॉर्पोरेशन अपने प्रचालनों को इस रूप में परिचालित करने के लिए प्रतिबद्ध है जो पर्यावरण के अनुकूल है तथा समाज के आर्थिक विकास में सहायक हैं। हमारा लक्ष्य पर्यावरण के प्रति जागरूकता और आदर की भावना पैदा करना है। परिचालन की स्वस्थ एवं सुदृढ़ कार्य प्रणालियों, दर्शन तथा प्रशिक्षण के माध्यम से पर्यावरण को बेहतर बनाने में प्रत्येक कर्मचारी के योगदान पर बल देना शामिल है।

इस नीति के उद्देश्य हैं:

- पर्यावरण के अनुकूल परिचालन प्रणालियों, प्रथाओं तथा पद्धतियों को अपनाना।
- उर्जा के अधिकाधिक प्रयोग के लिए तथा जोखिमपूर्ण प्रदूषण तथा व्यर्थ पदार्थों के उत्सर्जन को कम करने वाली पर्यावरण अनुकूल तकनीकी प्रोसेस को अपनाते हुए अपनी सुविधाओं के पर्यावरणपरक निष्पादन में उत्तरोत्तर सुधार लाना।
- विषैले, अन्य जोखिमपूर्ण व्यर्थ पदार्थों तथा कबाड (स्क्रैप) को ठिकाने लगाने के लिए तौर तरीके बनाना तथा उचित तरीके तैयार करना।
- अपने कर्मचारियों के बीच पर्यावरण के प्रति जागरूकता पैदा करना तथा पर्यावरण की सुरक्षा के लिए कार्यक्रम तैयार करना।
- संबंधित सांविधिक नियमों एवं विनियमों का पालन करना तथा जहां भी जरूरी हो वहां अन्य मामलों के आधार पर उचित तरीके तैयार करना।
- आपातकालीन स्थिति से निपटने के लिए सतर्कता एवं पूरी तैयारी तथा तत्परता के उच्च मानदंडों को बरकरार रखना तथा पड़ोसी संगठनों तथा सरकारी एजेंसियों से मदद लेने/मदद देने की पूरी तैयारी रखना।
- सरकारी एजेंसियों तथा प्रतिष्ठित अनुसंधान संस्थाओं द्वारा पर्यावरण के संबंध में अनुसंधान एवं विकास के साथ जुड़ने तथा उन्हें सहयोग प्रदान करने का सतत् प्रयास करना।
- नीति के अनुपालन की स्थिति और प्रगति का जायजा लेना और मूल्यांकन सुनिश्चित करना।

HPCL's commitment to safety is evidenced through its co-created Vision which reflects the collective aspirations of large number of its employees. The Vision statement makes a direct reference to the Company's focus on this when it states **"The Company will be a model of excellence in meeting social commitment, environment, health and safety norms"**.

It is the Company's policy that we will give the highest priority to enhancing safety and protecting the environment. For this purpose we will spare no effort and adopt state-of-art technology, best engineering standards and 'best in class' work practices. We will also provide a culture which supports safety as the **number 1** priority and provide excellent training to all employees, contractors and others.

The objective of HSE Policy is not only to bring about awareness but also to promote a pollution free environment and create a healthy surrounding and safe working conditions by constantly guiding all our actions within a consciously recognized and adopted set of standards.

The Company is committed to promoting safety not only for all its employees but also for the larger world of all stakeholders who come in contact with its products or services in any way.

Pushp Kumar Joshi

Chairman & Managing Director

HEALTH, SAFETY AND ENVIRONMENT MISSION

To have safe, healthy and pollution free environment in and around all our refineries, plants, facilities and other premises at all times, instill awareness in these areas, including relevant laws, in all employees, their families and the communities in which we carry out our activities.

HINDUSTAN PETROLEUM CORPORATION LIMITED (A Government of India Enterprise)

Petroleum House, 17, Jamshedji Tata Road,
Churchgate, Mumbai, Maharashtra 400020

HEALTH POLICY

To provide a structured program to look after and promote the health of vital “Human resource”, essential for productivity and effectiveness of the Corporation.

Objectives of this policy are to:

- Assess potential health risks arising from operations likely to affect its employees and contractors or the public. Institute measures to control and eliminate such risks and monitor health of employees.
- Establish and maintain the highest possible degree of physical and mental well being of the employees.
- Provide timely and adequate medical facilities for treatment of employees in case of medical emergencies.
- Comply with relevant statutory Rules & Regulations and devise appropriate standards in other cases wherever required.
- Establish pre-employment medical fitness and subsequent periodic medical check ups to determine employees’ ability to carry out their functions without any risk to themselves and to others.
- Bring awareness among employees and community about the harmful effects of substance abuse through counseling and periodic programmes.
- Ensure availability and use of personal protective equipment while handling toxic & other hazardous chemicals.
- Program reviews and evaluation to measure progress of compliance with the policy.

SAFETY POLICY

As an integral part of its business, HPCL believes that no work or service of activity is so important or urgent that safety be overlooked or compromised.

Safety of the employees and public, protection of their as well as Corporation’s assets shall be paramount. Corporation considers that safety is one of the important tool to enhance productivity and to reduce national losses. The Corporation will constantly endeavour to achieve and maintain high standards of Safety in its operations.

Objectives of this policy are to:

- Design, create and maintain facilities, provide training, establish procedures/safety rules in all the fields and ensure that these are rigidly followed by the employees, contractors and visitors inside the premises.
- Carry out operations in a safe manner protecting people and property.
- Comply with the relevant statutory rules and devise appropriate standards in other cases wherever required.
- Maintain highest standards of vigilance and preparedness to respond to emergencies, supplemented with mutual aid of neighbouring facilities and Government agencies.
- Create awareness in employees, dealers, contractors, customers and public on Safe Storage, Transportation, and Handling of products & materials associated with our activities.
- Ensure awareness among all employees, contractors and others of their responsibility and accountability for safety on and off their work premises.
- Program reviews and evaluation to measure progress of compliance with the policy.

ENVIRONMENT POLICY

The Corporation is committed to conduct its operation in such a manner as compatible with environment and economic development of the community. Its aim is to create an awareness and respect for the environment stressing on every employee’s involvement in environmental improvement by ensuring healthy operating practices, philosophy and training.

Objectives of this policy are to:

- Adopt environment sound operating systems, practices and procedures.
- Strive to progressively bring about an improvement in the environmental performance of our facilities by adopting Eco-friendly techniques/processes for optimal use of energy and to reduce hazardous emissions and wastes.
- Establish procedures and devise suitable methods for disposal of toxic, other hazardous waste and scrap.
- Create environment awareness amongst its employees and develop programs for environment protection.
- Comply with the relevant statutory Rules & Regulations and devise appropriate standards on other cases wherever required.
- Maintain highest standards of vigilance and preparedness to respond to emergencies supplemented with mutual aid of neighbouring facilities and Government agencies.
- Endeavour to associate with and support R&D on environment by Government agencies and reputed research institutes.
- Program reviews and evaluation to measure progress of compliance with the policy.

ENVIRONMENTAL STATEMENT FORM-V
